# Headwaters Education Center

# “Friends” Network

- Network Goal:
  - Develop a cadre of docent volunteers (“friends”) to help with education and interpretation at the Reserve as a means to help protect and restore ecological integrity.
- Network Objectives
  - Build community support
  - Conduit of information
  - Improve stewardship

## ■ Stage of Development?

- Visioning
- Conceptual
- Research and Development

## ■ What are We Doing?

- Finishing Education Center Exhibits
- Talking with potential friends about interests and goals

## ■ Current Benefits

- Collecting ideas about what visitors would like to see, projects, issues, concerns, etc.
- Potential friends are starting to rethink their role and potential for involvement in the Reserve

## ■ Future Benefits

- Achieve objectives:
  - Build community support
  - Conduit of info
  - Improve stewardship
- Network expansion...
